

LIST OF THOSE KILLED IN THE SILVERTOWN EXPLOSION BRUNNER MOND MUNITIONS FACTORY

On Friday 19 January 1917 a small community in London's East End was devastated by an enormous explosion: the largest and most damaging the city had ever seen or has seen since.

This list of those killed in the Silvertown Explosion has been compiled from reports in the Stratford Express. Where possible, the victim's name, age, occupation and place of burial are given, but in some cases some of these details could not be ascertained from the newspaper report. Names in bracket represent variant spellings used by the Stratford Express.

From 'The Silvertown Explosion' by Graham Hill & Harold Bloch.
